

222290

2-26-2010

I'm writing this letter of protest to stop this rate increase. We have 3 services with SCE&G. Our home, the home of my disabled brother who is on a fixed income, and my daughter home who has a special needs child.

People in S.C. can't afford another increase not with this economy. Please stop this increase and stop the suffering of people that have to choose between electricity or food.

Thanks

Patty Brown
